Why MJF?

Directpartsolution.com

Let's develop and learn about MJF together

About

Very friendly and hard-working, enthusiastic in setting up and producing parts for Direct Part Production . I tactically set up maintain and run a variety of 3D print processes and daily maintain the 3D Printers and support equipment. I also perform tasks like, cleaning equipment, tagging parts, preparing parts for shipment, and following safety guidelines.

In my spare time I am a Toastmaster and love public speaking on current affairs and my working life experiences, all injected with humor.
